

COACH 2 - COACH LEVEL

Overview:

The NCCP Coach 2 - Coach Level course is the second level of the National Coaching Certification Program (NCCP) within the Community Coach Stream. The Coach 2 - Coach Level course follows the competency based education and training method of learning and is an excellent course for all new and recreational level coaches. The NCCP Coach 2 - Coach Level will provide an introduction to player development and will teach coach knowledge, skills and attitudes in the following areas:

- How to communicate effectively with athletes and parents;
- How to support the athlete in the team environment;
- How to support the athlete in the training environment;
- How to support the athlete in a practice environment;
- How to support the athlete in a game environment.

The NCCP Coach 2 - Coach Level emphasizes basic skills and the importance of having players develop confidence, self-esteem and a love for the game. This program follows the Community Coach Stream and the Long Term Player Development stages of – Learn to Play, Learn to Train.

Process:

The Coach 2 - Coach Level Training consists of two components:

1. Hockey University - Online Modules
2. Coach 2 - Coach Level Clinic (in-class course work and on-ice Specialty Skills Session)

A Coach will complete this process in one of two ways (depending on their Member):

The Coach will first register for the clinic through e-hockey. Once registered the coach will complete the Hockey Canada Hockey University E-Learning Modules (1-12) online. A HU link will be provided upon clinic registration. Upon completion of these online modules, a Coach will complete a 3 hour Classroom Session and 1.5 hour On-Ice Session.

The Coach will first complete the Hockey Canada Hockey University E-Learning Modules (1-12) online. Upon completion of these online modules, a Coach will register for a Coach 2 - Coach Level Clinic which will consist of a 4 hour Classroom Session and 1.5 hour On-Ice Session. When the Coach has completed the online component they will be considered IN-TRAINING, and once the in-class component and the on-ice Specialty Skills Session is completed, the Coach will be considered TRAINED
